Howdy David,
 Always nice hearing from you!
 We, "The Down Homers" were on W TIC from 1949
 till 1954,

Allen Suddan was our producer.
 On Sat morning ^{5:30} we did coast to coast for
 almost 5 years. Great years! 50 thousand watts.
 After the first year, all 5 of us, had new homes built.
 We also did a noon show. After the noon show,
 we loaded up our instruments + went on the road, we played
 shows ⁱⁿ 3 states! After the shows we headed back to
 Hartford to do the 5:30 show. Some mornings we just barely made it!
 We were making \$150 to \$175 a piece. Great money for those
 days: From after Hartford, we went to N.Y.C. to NBC
 + did 3 years. Then to W L W Cin. for 2 years.
 After that I went into professional wrestling. For 10 years
 + still played my music. The only members of the D.H. left
 are myself + Kenny Roberts.
